A Mustard Seed

of FAITH of GIVING

Women's Ministry has taken on four projects this year to help fund some important ministries. Please consider one of these projects for your group's focus or for your own personal giving.

Box Truck for Beth-El Mission

– Help Beth-El purchase a much-needed truck to help in their ministry with farm workers in the Tampa, FL region.

International Women's Work Trip to Colombia, SA

– Make the important decision to be part of this historic work trip for women. Even though you may not be able to go on the trip yourself, why not make it possible for young women and women from some of our global churches to attend?

Summer Trips for the CP Children's Home

– Your region or church could help the children at the Children's Home have a great summer break from school this year by contributing to their annual summer trips.

Convention Offering – Vision School in Southeast Asia

– Become partners with Sarah Lee, CP missionary in this part of the world living in spiritual darkness. Through the Vision School, as English and computer skills are being taught, the gospel is being proclaimed.
