Supplemental
Second Mile Project

Just How Much Could A College Scholarship Mean?

The Need

Many highly capable and motivated Cumberland Presbyterian students in Colombia simply cannot study because of the personal/family income and the nearly total absence of scholarship assistance in this country. However, Cauca Valley Presbytery established a loan fund many years ago to provide assistance to such students. Hundreds of students have received aid and are now making a difference in their communities. But the number of churches has grown

in Colombia, and the need has outpaced the funding currently available.

If we can raise \$10,000 for this project, this program will greatly assist these students so desperately hoping to study. Perhaps you or your church can give \$100 to boost this fund. Please remember that an education received helps to provide the professionally prepared leadership needed in all of our churches.

Financial Data

Total Amount Needed for the Project	\$10,000.00
Amount Contributed to Date	\$ 6,092.76
Amount Needed from Second Mile	\$ 3,907.24

Duration:

January 2008 through December 2009

Contributions:

Send to the Missions Ministry Team.
