

DENOMINATION DAY 2014

We all know February 4th, 1810. Finis Ewing, Samuel McAdow, and Samuel King believed that the Spirit of the Lord was manifest in the Great Revival and, despite equally sincere opposing conservative voices, fought to preserve their ministry. 2010 marked the beginning of the bicentennial for Cumberland Presbyterians.

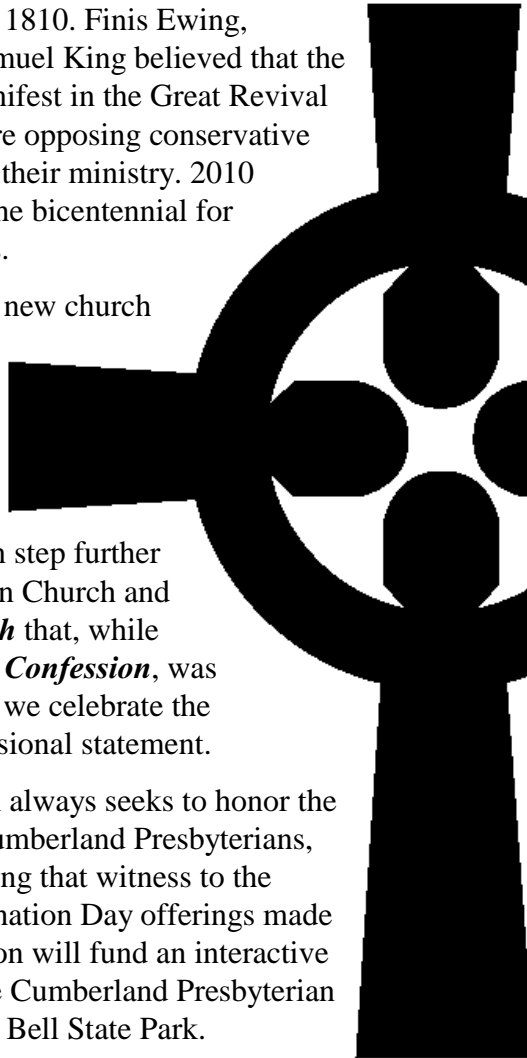

In 1814 the identity of the new church was still very much a mystery to persons outside of the Cumberland communion.

1814 saw the fledgling Cumberland denomination step further away from the Presbyterian Church and craft a *Confession of Faith* that, while based on the *Westminster Confession*, was wholly their own. In 2014 we celebrate the bicentennial of our confessional statement.

The Historical Foundation always seeks to honor the collected witness of *all* Cumberland Presbyterians, past and present and to bring that witness to the world. This year, Denomination Day offerings made to the Historical Foundation will fund an interactive digital video display at the Cumberland Presbyterian birthplace in Montgomery Bell State Park.

We intend to present the formation of our denominations in brief, informative, and entertaining manner that the thousands of yearly visitors to the park might be introduced to our heritage.

**Historical Foundation of the Cumberland Presbyterian Church
and the Cumberland Presbyterian Church in America**
8207 Traditional Place, Cordova, TN 38016-7414

THE TOOLS TO DO THE JOB

We began the effort to present the story of the Cumberland Presbyterian denominations outdoors at Montgomery Bell State Park in 2013 but, to do it right, additional funds will be required.

The Movie: The Historical Foundation is working with the Ministry Council's Discipleship Ministry Team to provide an edited version of *God So Loves* that will be approachable by audiences that are not primarily Cumberland Presbyterian.

The Equipment: So that "the movie" can be presented on demand, the Historical Foundation intends to purchase a 46" Commercial Grade NEC Digital Sign or similar equipment. This is basically a computer and high definition television all-in-one that can be set to present one movie or a variety of presentations.

The Setup: Once the digital sign is purchased it must be mounted at the Birthplace Shrine in such a manner that makes it both accessible and that protects it from vandalism and theft.

Your 2014 Denomination Day offering will go toward making this dream a reality!
